## Mission 2025 Guildhall “New Economy Rising”

# New York Climate Week, 21-28 September

- Adair will be attending (potentially with 1 additional staff)
- Plans are in early stages, we are exploring:
  - *Mission 2025 events, perhaps with Christiana Figueres*
  - *Adair giving presentation on whataboutism, i.e. a summary of insights from our barriers to clean electrification series – challenges to the transition can be overcome*
  - *Continued opportunities with Global Renewables Alliance, Mission Possible Partnership, Duke University, WMBC, GSCC*
  - *Wider events with members*

**We are still in early stages of planning for NYCW and are very open to participating at events hosted or recommended by members**

# The road to Belém, COP30

In March, COP30 president **André Aranha Corrêa do Lago** confirmed official agenda, including:

1. **Global “mutirão” against climate change:** collective and urgent action required
2. **NDCs 3.0:** Delivery of new ratchet of national climate targets
3. **Climate Adaptation:** Develop a collective vision and prioritisation for adaptation based on NDCs and National Adaptation Plans, advancing the “Baku Adaptation Road Map”
4. **Climate and Nature Finance:** Commitment to “Baku to Belem Roadmap” to unleash 1.3 trillion dollars per year as set out in the NCQG. Address gaps by through evolution of MDBs and International Finance Institutions which “structurally support enhanced, ambitious action”
5. **Deforestation and Forest Protection:** Shift from traditional approaches to investment-driven solutions, with the **Tropical Forest Forever Facility (TFFF)** as a flagship initiative.

# Media reception in the run up to COP30 is mixed

**The  
Guardian**

**'Backsliding': most countries to miss vital climate deadline as Cop30 nears**

**FT**

**Most big polluters miss UN deadline for 2035 climate targets**

**THE TIMES  
OF INDIA**

**COP30 can be a turning point in climate fight, says Brazil's UN COP30 president**

 **REUTERS**

**COP30 Brazilian presidency calls for new global climate governance**

**BusinessGreen**

**'Doom, cynicism, and denial': COP30 President vows to take on threats to global climate action**

# COP30 Belém, 10-21 November

- Adair will be attending (small ETC team on the ground)
- The conference will be hosted in Belem, with a Blue and Green zone on site, not split as some have suggested.
- Accommodation currently very limited. A 'Hosting Platform' is planned to be launched shortly to provide availability from hotels to military buildings and cruise ships
- Plans are in early stages, we are exploring:
  - *Speaking at Buildings Pavillion for the UN Cool Coalition*
  - *Potential support for the MPP/ITA campaign*
  - *Continued opportunities with Mission 2025, WMBC, ECIU, GSCC, Global Renewables Alliance*
  - *Wider events for members*

**We are still in early stages of planning for COP30 and are very open to participating at events hosted or recommended by members**

## Other Notable events

- **Clean Energy Ministerial 16, Busan, South Korea, August 25-27** – ETC not planning to attend
- **Global Maritime Forum Antwerp, Belgium, October 21-22** – Adair will be providing keynote speech
- **BUND Summit Shanghai, China, October 23-25** – Adair to potentially speak
- **G20 Johannesburg Summit, South Africa, November 22-23** – ETC not planning to attend

# Enhancing collaboration with the ETC Communications Programme

## What to expect from the ETC

### We can help amplify your work

- **ETC can help amplify your work on global stages:** for example, at major events (e.g., COP, NYCW, LCAW) and digitally.)
- **Share your work and case studies with us to disseminate.**

### We will share our latest analysis and messaging with you

- Keeping your teams up to date through our **newsletters, the Member Portal, and comms club.**
- **Key messages can be provided to members attending events.**

### We can work together to drive impact

- **We welcome bilaterals on new areas of analysis and emerging campaigns,** to drive bigger impact collaboratively.
- **Tell us how we can support your comms activations.**

## How you can work with the ETC

### Disseminate ETC analysis through local events and media

- **Use ETC speaking-notes and analyses** at industry events. ETC can help package analysis and charts.
- Take ETC's key messages to **national broadcast and print media** in local languages.

### Connect ETC with policymakers and industry groups

- **ETC spokespeople can support members** at industry events.
- Connect ETC team **with national policymakers or industry groups.**
- Available to **conduct roundtables & briefings** based on member interest.

### Connect ETC with opportunities to reach new audiences

- **ETC spokespeople can appear on members digital content** (i.e. podcast/video).
- Connect ETC team with **wider comms/influencing opportunities,** both groups (i.e. Mission 2025) and direct outreach
