

## **ETC Report - Member Communications Pack**

### **Degree of Urgency: Accelerating Action to Keep 1.5°C on the Table**

Following the impact of the [Keeping 1.5°C Alive](#) report published in advance of COP26, this latest ETC report sets out a view of where we stand since last year and the further action which must be taken. This report's publishing prior to COP27 is important to help maintain momentum on global climate commitments.

**Help us spread the word!** We are grateful for your support in disseminating the messages of the ETC *Degree of Urgency* report as widely as possible. You will find many tools in this communications pack, but feel free to reach out to [pmo@energy-transitions.org](mailto:pmo@energy-transitions.org) should you need anything further.

### **Where can I find the report?**

The full report and short executive summary in English will be downloadable from the following links on our website from 00:01 on Wednesday, November 2<sup>nd</sup>:

- Link: <https://www.energy-transitions.org/publications/degree-of-urgency/>
